General Contracting

As general contractor, we can assist in or manage the application process for your construction project—and also provide turnkey project execution.

Industry Leading
General
Contracting

Excellence is the foundation of everything we do. What began in 1973 with one hardworking businessman has grown into a large construction, mining and engineering powerhouse.

شركة محمد سعود السبيعي
MOHAMED SAUD AL SUBAI CO.

Civil Infrastructure

The geographical diversity, project complexity and public nature of civil work results in an exceptionally challenging industry that demands a high level of technical construction expertise. Whether building on land or in busy cities or in remote areas, MSS civil construction operations possess the ingenuity and experience required to undertake any civil structure imaginable.

شركة محمد سعود السبيعي
MOHAMED SAUD AL SUBAI CO.

Earth Works & Road Works

As with all other projects, roadwork and earthwork contracts are completed with minimal disruption and to specification allowing quick access to any area. We have the skills and ability to carry out high quality works in sensitive environments with the individuality that they demand. We qualified with Saudi Aramco for Wellsite Preparation and Access Roads – project with 30 Years of experience.

شركة محمد سعود السبيعي
MOHAMED SAUD AL SUBAI CO.

Construction Management

Construction management is about project management to the highest standards, from selecting methods and defining schedules and sequencing to overseeing all aspects and procedures.

Trunkey Projects

From Initial Design to Completion

شركة محمد سعود السبيعي
MOHAMED SAUD AL SUBAI CO.

SERVICES TO FIT YOUR NEEDS

Our Company offers a variety of services to of your project design to the completion. We believe that every project is unique, and can customize our approach to fit your particular project. While we are at the forefront of and specialize in design-build, we are very familiar with a number of delivery methods and are confident we can find the process that will best help you meet your goals.

WHY CHOOSE US

The drive to deliver our best is the bedrock of everything we do. In every project and in all of our client relationships, we commit to excellence right from the start.

- Reputation for safe, high-quality engineering
- Ranked among the top contractors in the region

Safety Management

**You may have a dangerous job – but
you shouldn't get hurt!**

To us, any on-site injury or incident is worthy of the closest attention. The construction industry is a dangerous business, no matter where in the world you may work or how strict the safety regulations are, but we can strive to minimize these dangers to the best of our ability and by making use of internationally accepted safety regulations and procedures.

Drilling & Workover Services Department

WELLSITES DIVISION

BOX 5603-A, BLDG. 111A, ABQAIQ
☎ 574-4245 – ☎ 572-7840

Letter of Satisfaction & Appreciation for
Mohammed Saud Al-Subai Establishment

MOHAMMED SAUD AL-SUBAI
General Manger / Owner

This is to commend your Establishment for an excellent and professional performance with great level of safety attitude during your work on Dammam Drilling Island "B" this site is approx. (600 x 520 meters) in very rough terrain close to Dhahran Community. It is the biggest project so far that Wellsites have worked on.

You have done a remarkable job on completing all work required professionally and safely without accident or incident. This is consider to be an outstanding achievements.

During your work at this project, you have performed very well and shown a great readiness and capabilities to handle all field works demand. You are very equipped and has a professional supervision who is fully aware of the safety rules and work permit regulations.

We would like to extend our sincere appreciation and congratulations for your job valuable contribution and efforts for completing this job before the required time.

FALAH A. AL-HERZ, Supervisor
Northern Area Construction Unit

DHAHER M. AL-HAJRI, Superintendent

Resource-based Environmental Management Plan

Any construction project may have negative implications for the natural environment and for residents in the area where it is being undertaken. For this reason, it is essential that an environmental management plan (EMP) be formulated for every project that we undertake. Since each project and site is unique, every EMP is unique too.

Our Vision & Values

شركة محمد سعود السبيعي
MOHAMED SAUD AL SUBAI CO.

Our Vision

Our vision is to be the leading construction company in our chosen markets, sought after by potential clients and employees for our track record in reliable execution, cost effectiveness, and world class technical sophistication.

Our Strategy

We are committed to differentiating ourselves by continuously increasing our expertise in executing large and sophisticated projects, oil & gas facilities and infrastructure projects while maintaining a highly selective risk management process for every new project and venture.

Our Values

Our Core Values:

Excellence: We strive for excellence in quality, and we continuously innovate, utilizing advanced technologies

Teamwork: We insist on mutual respect, cooperation and mutual encouragement to achieve each individual's potential

Integrity: We act with reliability, honesty and fairness

Commitment: We are fully dedicated to delivering our objectives through the most efficient use of resources

Sustainability: We are committed to safeguarding all stakeholders, including especially the health and safety of our employees, society as a whole and the environment

Our success comes from our people, who strive to continuously innovate, adapt to local markets, and hone their skills.
